CHAPTER VIII.

GRANDMA BISNETTE came from Canada to work for the Browners. She was a big, cheerful woman with a diamond-shaped face. She had a loose front tooth that occupied all the leisure of her tongue. When she sat at her knitting this big tooth clicked incessantly. On every stitch her tongue went in and out and across it, and I, standing often by her knees, regarded the process with great curiosity. The reader may gather much from these frank and informing words of Grandma Bisnette: "When I los' my man, mon Dieu! I have two son. An' when I come across I bring him with me. Abe he rough, but den he no bad man."

Abe was the butcher of the neighborhood, that red handed, stony hearted necessary man whom the Yankee farmer in that north country hires to do the cruel things that have to be done. He wore ragged, dirty clothes and had a voice like a steam whistle. His rough black hair fell low and mingled with his scanty beard. His hands were stained too often with the blood of

THE FIRST LESSON

That the young girl has of womanhood is not seldom a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life. All the pain and misery which young girls commonly experience at such a time, may in almost every instance be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity of the general health, and cures headache, backache, nervousness, and other consequences of womanly weakness or disease.

"I received your letter some time ago, with advice about your wonderful medicine," writes Miss Stella Johnson, of 25 Brady Street, Dayton, Ohio. "I was troubled with severe pains every month when I wrote to you for advice. After receiving your letter and following its directions, I am now happy to say that after five years of untold suffering I have not had any pains since first using your 'Favorite Prescription.' It was induced through a friend to write to you and follow your kind advice. I thank God and Dr. R. V. Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is held as confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

GOING TO BUILD? IF SO, get Nichols' Album of Artistic Dwellings, 125 pages of photographs and plans of moderate priced homes. Tells how to build them. Postpaid 10 cents. Plans and specifications carefully prepared for church, school, stores, etc. NICHOLS' the Architect Bloomington

"Anything else?" he demanded, while Hope sat hugging the old dog that was licking her hands. "Got 40 cents that I saved for the fair," said I promptly. Abe backed his horse and turned in the road. "Waal, boy," he said, "tell 'em I've gone home." Then his great voice shouted "G'lang!" the lash of his whip sang in the air and off he went. We were first to arrive at the schoolhouse that morning, and when the other children came we had Fred on a comfortable bed of grass in a corner of the wood shed. What with all the worry of that day I said my lessons poorly and went home with a load on my heart. Tomorrow would be Saturday; how were we to get food and water to the dog? They asked at home if we had seen old Fred, and we both declared we had not—the first lie that ever laid its burden on my conscience. We both saved all our bread and butter and doughnuts next day, but we had so many chores to do it was impossible to go to the schoolhouse with them. So we agreed to steal away that night when all were asleep and take the food from its hiding place. In the excitement of the day neither of us had eaten much. They thought we were ill and sent us to bed early. When Hope came into my room above stairs late in the evening we were both desperately hungry. We looked at the store of doughnuts and bread and butter under my bed. We counted it over. "Won't you try one of the doughnuts?" I whispered, hoping that she would say yes so that I could try one also, for they did smell mighty good. "Twon't be right," said she regretfully. "There ain't any more'n he'll want now."

"Twon't be right," I repeated, with a sigh, as I looked longingly at one of the big doughnuts. "Couldn't bear t' do it—could you?" "Don't seem as if I could," she whispered thoughtfully, her chin upon her hand. Then she rose and went to the window. "Oh, my, how dark it is!" she whispered, looking out into the night. "Purty dark," I said, "but you needn't be afraid. I'll take care o' you. If we should meet a bear I'll growl right back at him. That's what Uncle Eb tol' me t' do. I'm awful stout—most a man now! Can't nuthin' scare me."

We could hear them talking below stairs, and we went back to bed, intending to go forth later when the house was still. But, unfortunately for our adventure I fell asleep.

[TO BE CONTINUED.]

Haytians Will Welcome Presence of American Warship.

Port au Prince, Hayti, March 31.—Provoked by Haytian soldiers, some scenes of disorder have occurred in the streets, but were quickly suppressed by the police. The government has decided to maintain order and has taken great precautions. All the troops are confined to their barracks, and it is believed that in spite of the excitement among the people against the Syrians that rioting will be avoided. President Nord has issued orders to vigorously suppress all attempts to pillage. All the Syrians have closed their stores and those who are American or French citizens or British subjects have hoisted the flags of their respective nationalities over their residences and stores. The latter will remain closed for several days. The Syrians believe they will be able to reopen for business April 4, hoping that the excitement of the populace will have calmed down by that time, but the hostile attitude of the people against the Syrians leads to the fear that grave incidents may occur the day they reopen their stores if the measures taken for their protection are not sufficient. The news that an American warship had been ordered to this port has produced a good impression among the members of the foreign colony.

Passengers Had Narrow Escape.

Helena, Mont., March 31.—A Great Northern passenger train was wrecked just east of the basin, presumably by the engine striking a rock that had slipped down the mountain side. The train was running along the canon of the Boulder river when the engine struck the obstruction. The locomotive was thrown from the track, landing in the river, badly wrecked. Engineer John Webber was instantly killed and fireman Davis had an arm and leg crushed. Only the engine and tender left the track, the passengers escaping with a severe shaking up.

New York Likes Subways.

New York, March 31.—An elaborate supplemental system of underground railroad lines in Greater New York, which if constructed on the plans suggested will entail an expenditure of hundreds of millions of dollars, has been outlined in a report submitted to the rapid transit commission by the commission's committee on plans and contracts. Fourteen separate routes are provided for in the plans.

Held the Automobile.

Los Angeles, Cal., March 31.—Barbee Hook, reputed millionaire, has been charged with manslaughter by the coroner's jury investigating the cause of the death of Miss Margaret Birtwistle who was run down and fatally injured here last Sunday by an automobile driven by young Hook.

To Review Felton's Case.

New York, March 31.—Stewart A. Felton, known to the sporting fraternity as "Big Frank," who has been in the Tombs prison for several months charged with murder in the first degree, in having killed Guy Roche, a gambler, has been released in \$25,000 bail.

NO NEGOTIATIONS

Peace Talk Has Developed Nothing Tangible So Far as Known.

MERELY SPECULATION

While Conjectures and Discussion Are Prevalent It Is Denied That Negotiations Have Commenced.

It Is Evident, However, That the First Definite Step May Be Taken at Any Moment.

London, March 31.—Peace talk is prevalent everywhere, but that negotiations have commenced is still positively denied in all official circles here. The foreign office disclaims even having any knowledge of peace proposals. It is quite evident, however, that while the first definite step may be taken at any moment, an advance further than indicated in the press dispatches may be postponed indefinitely. Baron Hayashi, the Japanese minister, declares that he has no information in regard to the announcement contained in the St. Petersburg dispatches that Russia had indirectly made known to Japan the negative conditions on which peace might be concluded, namely no cession of territory and no indemnity, leaving Japan to determine whether peace negotiations could be begun upon that basis, but he said unreservedly that the terms then mentioned could not even be considered, and added: "A cession of territory and an indemnity are the only points negotiable, as Japan's ante-bellum demands have already been secured by Japan."

M. Takashi (the Japanese special financial commissioner) said: "The war cost between \$250,000,000 and \$300,000,000 the first year, and it is estimated that it will cost \$350,000,000 during the present year. It would be unprecedented in the history of great wars that no indemnity and no territory be given up by the vanquished. While it is beyond my province to discuss the terms of peace, I can express my personal opinion that as the war was forced upon Japan it is not likely that she will waive the right to an indemnity and cession of territory when concluding peace. What indemnity will be demanded I cannot say, but it is my private opinion that it will at least cover the expense of the war. If Russia assumes that a continuance of the war will deplete our finances before hers, it will be another mistake of judgment on her part. We can maintain a sufficient army in Manchuria to keep out the Russians indefinitely, but this will necessitate Japan remaining in Manchuria and administering the province on a war footing, which we do not desire. Manchuria is fertile and productive and an army can be maintained there more economically than in the case of the opposing force in Siberia. If Russia is prepared for the test of a war of finances we are willing. The longer the war lasts the more certain it will be that it will not be resumed."

M. Takashi spoke interestingly regarding the internal conditions in China since the Sino-Japanese war. He said China was awakening. The government was now making rapid strides along the lines on which Japan had developed. China was sending pupils abroad to study and bringing in foreign instructors. Many of these were Japanese and a rapprochement between the two countries was steadily being effected. The Manchurians were delighted with the Japanese administration wherever it was in force, because they permit no lawlessness and administer perfect justice.

GOING RIGHT AHEAD

Peace Talk Has Not Deterred Japanese Preparations.

Tokio, March 31.—The various rumors of peace negotiations emanating from Europe and the United States are published and commented upon here. Apparently they don't affect the attitude of the Japanese government and people toward the war. The press echoes the announced determination of Japan to vigorously push the military operations unmoved and undeterred by discussions of events in Russia or elsewhere. The Jiji declares that the successive reverses have not affected Russia. Emperor Nicholas, the paper adds, is unwilling to sacrifice the prestige of his house or surrender the position of controlling influence Russia has heretofore held over the powers of Europe. Field Marshal Oyama's army will continue its forward movement and not give Russia a breathing moment. The Kokumin pronounces the war to be senseless and wasteful on the part of Russia, but the paper says if she chooses to shut her eyes to the light of reason Japan will profit by her blindness.

Harbin, March 31.—Japanese scouting parties are very active in endeavoring to pierce the screen of the Russian vanguard posts and develop the disposition and strength of the positions, their attempts at times verging on the nature of reconnaissances in force. A few Japanese batteries have been pushed far forward occasionally drop Shimosa shells in suspected places. Aside from these reconnaissances affairs are generally quiet on the southern positions.

FEDERAL PATRONAGE

Indiana Senators Not Yet Ready to Announce Appointments.

Indianapolis, Ind., March 31.—Thos. Ship, private secretary to Senator Beveridge, said today that the appointment of postmasters for the Fourth district will not be announced this week. Senators Beveridge and Hemenway have reached an agreement relative to the division of patronage. Neither will announce any recommendations for appointment for postmaster until the other is ready with his list. Senator Beveridge is now hearing from delegations from practically every place in the Fourth district where there is a first, second or third class postoffice. Senator Hemenway is hearing applicants from the Third district. While Senator Hemenway was here he called on Senator Beveridge and the appointment of postmasters was discussed. It is probable they will have their lists ready for announcement by the first of next week. Nearly fifty party workers from Madison were here today to see Senator Beveridge regarding the appointment of a postmaster there. The candidates are James White, a civil war veteran and M. C. Garber, who is now completing his third term. If Garber is reappointed he will be the oldest postmaster in the state in point of continuous service. He has secured a very liberal indorsement from business men of his community and stands a good chance for reappointment. Postmaster Masters of Seymour, was here this afternoon in company with Charles and Edward Remy, prominent Beveridge men. He will probably be reappointed. It is also understood that Senator Beveridge will reappoint William Stevens as postmaster at Columbus.

Some startling figures gathered by State Statistician Stubbs shows that in Tippecanoe county last year there was one divorce to every three marriages. There were 346 marriages and 123 divorces. This is a record breaker for the state. Tippecanoe county is the home of Governor Hanly and of the Purdue university. In Warrick county, the home of Senator Hemenway, the number of divorces last year was equal to twenty-six per cent of the number of marriage licenses, which is second to the record of Governor Hanly's county. Vigo county is third with twenty-three per cent, and Sullivan fourth with twenty-one. Marion county is way down in the list, many of the rural counties being away ahead of it. The smallest per cent of divorces was in Lake county where it was but 3.2. The total number of divorces last year in the state was 3,419; marriages 28,088; per cent of divorces for the entire state 12.1. Marion county leads in the number of marriages. These figures will probably be used as the basis for a new crusade for more stringent divorce and marriage laws.

The announcement that George A. H. Shideler of Marion is about to become a candidate for the chairmanship of the Republican state committee created a stir among the party leaders, few of whom knew that he contemplated asking for the place. As predicted his probable candidacy will cause an immediate lining up of the leaders of the various elements that are anxious to control the organization. It was learned today that several party leaders who are in on the game to elect Shideler were dismayed at the publicity it was given. It was their intention to make no announcement until after they had their lines laid in all directions. It was reported today that Shideler's candidacy has the O. K. of Senator Beveridge and his lieutenants here although they have been keeping quiet about it. Shideler has always been a strong Beveridge man and it would not be surprising if he should be regarded as a Beveridge candidate.

A boom was started today for Capt. Harry S. New for the Republican nomination for mayor. Captain New was picked two years ago by the anti-Bookwalter element to make the race for the nomination but he refused. It is learned that negotiations have been entered into with Captain New and while he is not favorable inclined towards the proposition he has not refused to become a candidate. Captain New's intimate friends are not inclined to believe that he will become a candidate for mayor as they think he desires to become the actual head of the national organization for the campaign of 1908. As mayor he would not be able to take such an active part in national politics which is more to his liking than the local game, so he may refuse to be drawn into the contest over the municipal offices.

Current Was Too Swift.

Jeffersonville, Ind., March 31.—The Joe B. Williams, one of the largest towboats belonging to the Monongahela Coal and Coke company, lost 40,000 bushels of coal while taking a tow of forty barges and boats over the falls. She was assisted by the tug Wash Gray, but the swiftness of the current carried the tow against one of the piers of the Pennsylvania bridge, with the result that one boat and one barge were sent to the bottom.

Cracksmen Were in a Hurry.

Mulberry, Ind., March 31.—Burglars operated on the safe in the office of William Jenkins, using two charges of nitroglycerine in reaching the inner box. The burglars operated in a hurry, as in their flight they left in excess of \$70 in bills on the floor of the office, and escaped with only \$9, mostly in small change. The loss is covered by insurance.

WILL HAVE TO QUIT

Tampering With Witnesses Has Got to Stop, Says Grand Jury.

BIG PACKING CONCERNS

May Find Themselves Under Conspiracy Indictments If Alleged Practice Is Carried Further.

Grand Jury Investigating Beef Trust: at Chicago Is Ready For Drastic Action.

Chicago, March 31.—Conspiracy indictments are threatened against the heads of the big packing concerns unless alleged tampering with witnesses who have been summoned to testify before the federal grand jury is discontinued at once. With two witnesses on the stand who, it is asserted, admitted that they had been approached with a suggestion that their testimony be mild, the jury, it is declared, is getting ready to take drastic action.

"We will shut off interference with witnesses," said Assistant Attorney General Pagnin, "even if we have to resort to proceedings under the conspiracy statute to do so." Belief is general that Mr. Pagnin has already laid out plans of new indictments. Fifteen witnesses were heard yesterday, three women being among those who testified. The women were said to be stenographers employed by the National Packing company. One of the witnesses was Charles E. Mead of Boston, formerly connected with Swift and Co.'s car lines. Mr. Mead said that he had not been in that business for three years and was able to testify only concerning the methods in use in carrying on the business. The witness said that since resigning his position Swift and company had disposed of their interests in the car line business. I. S. Curtis of T. E. Baker and company of Boston, and Frank Dimpom of Omaha, were other witnesses before the jury. Mr. Dimpom explained the meat business from the view of the medium through which the consumer obtains the meat.

The fifteen secret service men who have been frequenting the corridors of the building where the grand jury is in session, were not to be seen today. District Attorney Morrison was said to have ordered that waiting witnesses instead of spending their time in the vicinity of the jury room are to be concealed in down town hotels until called before the jury. In this way the witnesses will be more readily prevented from learning the identity of the secret service men watching for possible irregularities. Ten men arrived in the jury room last evening and reported to the government officials. It is said that the ten are employed by railroads in Michigan.

A SERIOUS DIFFERENCE

Rockefeller's Gift Creates a Stir in Congregational Circles.

Boston, March 31.—Despite the fact that the prudential committee of the American board of commissioners for foreign missions has practically decided to accept the gift of \$100,000 from John D. Rockefeller, to further the work of the board, a committee representing the Congregational clergymen of Boston and vicinity, who are opposed to the acceptance of the gift, has decided to continue the protest. It was agreed by the members of the committee that a wide expression of opinion on the question was desirable and for this purpose a committee was appointed to submit the facts and documents in the matter to the Congregational ministers of the country. The prudential committee will not take final action on the acceptance of Mr. Rockefeller's gift for two weeks and it is the intention of the protesting committee to learn, if possible, the general feeling among the clergymen of the denomination.

Wanted in New York.

Cincinnati, March 31.—J. Morgan Smith and wife were arrested in this city on a telegraphic request of District Attorney Jerome of New York city, accused of conspiracy to commit murder. Nan Patterson, the actress who has been twice put on trial for the murder of Caesar Young in New York on May 4, 1904, is charged with conspiracy in the same connection, new indictments to this effect having been found in New York. Smith and his wife left New York a few months after the murder and before the beginning of the mistrial and for a long time the authorities were unable to locate them. Smith's testimony and his identity are considered almost vital to the case against Miss Patterson.

Compelled to Suspend.

Lorain, Ohio, March 31.—At a meeting of the directors and counsel of the Citizens Savings bank it was decided that the bank should not open for business this morning. It is said that the bank's liabilities will probably exceed its capital stock and surplus. The capital is \$50,000 and the surplus \$13,000. Three officials of the bank are named as being responsible for the shortage, and speculation in stocks is given as the cause for their being obliged to use the bank's money.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness. SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, if you are woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

TERSE TELEGRAMS

Russell Sage, who has been seriously ill, is greatly improved and is able to leave his bed.

Fire in the New York state reformatory at Elmira caused \$50,000 damage. No one was hurt.

Rear Admiral Robley D. Evans assumed command of the combined North Atlantic fleet today.

Near Huntington, W. Va., a boiler in a small sawmill blew up, killing three men and injuring two others.

The Chinese government, it is said, proposes reorganizing the army of China and recreating its navy.

There are rumors of fresh friction between the Cunard and other steamship lines tending to lead to another rate war.

The locomotive of a freight train on the Mexican Central exploded near Ciudad Juarez, Mex., killing three trainmen.

Dispatches from St. Petersburg report several arrests of prominent terrorists belonging to the inner or "bomb" section.

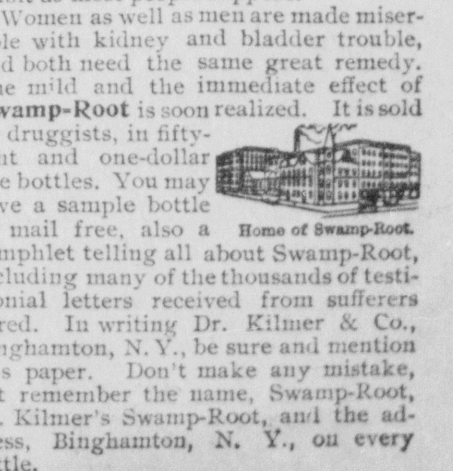

A new constitution for the Transvaal has just been signed in London, and will shortly be presented to parliament for its deliberation.

The Colorado legislature has passed the bill introduced for the purpose of enabling the Colorado & Southern railway to absorb other roads in Colorado and adjoining states.

The American Smelters Exploration company has been incorporated at Trenton, N. J., with an authorized capital of \$54,500,000 to conduct mining operations of every description.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SKIN DISEASES SPEAK FOR THE BLOOD

Skin Diseases speak for the blood and tell of the acid-laden, poisonous condition of that vital fluid, and of its effort to throw off and rid the system of the poisons and waste matters that have accumulated in it. Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Boils and diseases of this type are all caused by a weakened and polluted blood circulation, and though they may have lain dormant in the system during the cold weather, at the coming of Spring and Summer, when the blood is reacting and making extra efforts to expel all morbid and poisonous matter, they make their appearance. External remedies cannot cure; they soothe and give temporary relief, but often clog the pores and glands, and the poison causing the trouble is thus shut up in the system to break out afresh later on. S. S. S., a purely vegetable blood remedy, cures all skin diseases by going down into the circulation, driving out all poisons and waste matters, strengthening the blood, leaving the skin soft and smooth, and building up the entire system by its tonic effect. S. S. S. cures Nettle Rash, Poison Oak and all skin diseases that enter the system through the pores and glands, as well as those that have their origin in the blood. Book on Skin Diseases and any advice wished, without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BARGAIN BULLETIN

FOR FRIDAY AND SATURDAY

- Embroideries worth 25c a yd for 10c
- Lamps worth 75c each for 49c
- Soaps worth 10c a bar for 5c
- Ribbons worth 25c a yard for 10c
- Laces worth 15c a yard for 10c
- Ladies' Hose worth 10c each for 5c

FRIDAY, MARCH 31, 1905.

THE telephone question now before this city is one of large importance and should be considered as such. It is not one that should be considered lightly. There should be a getting-together on a just and satisfactory business basis.

It is reported by Indianapolis papers that Geo. A. H. Shideler has an ambition to be chairman of the republican state committee and may be a candidate to succeed James P. Goodrich. He is one of the republican leaders of the state and has a host of good friends.

Let no member of the hospital committees fail to be active right now and the citizens should remember that the committees can not accomplish much without the full and active cooperation of the people. Everybody can help and now is the time to get busy and keep busy.

THE water situation at Columbus is getting serious. The sand and filth that have been going into the mains there have made the Columbus water supply something fierce. For ten hours yesterday the pumps refused to work and for that length of time the city was without water. The factories that depend on water from the city mains had to shut down half the day.

Try a pound of Guafa Jelly Bonbons, 10 cents per pound at the Racket.

You can get your screen doors made or repaired, also your furniture repaired and refinished at the Table and Cabinet Company. Phone 445.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At W. F. Peter Drug Co., 50c and \$1.00; guaranteed. Trial bottle free.

CITY COUNCIL.

Telephone Ordinance Passes Second Reading—Other Business.

The city council met last evening in regular session and was called to order shortly after 7 o'clock, the mayor and all of the councilmen being present. Minutes were read and approved.

Building committee reported that Elmer E. Dunlap had presented his claim for \$85 for services rendered in connection with plans for the new city building. The committee recommended \$50, which recommendation was approved. The committee also stated that architect Joseph W. Rorer, of Urbana, Ill. had been delayed in getting up sketches on account of sickness but that the sketches were expected this week.

The improvement committee recommended that no further action be taken concerning the alley connecting with Myers street back of the Feidler Hotel.

The reports of the city engineer and the street commissioner were favorably received.

The water committee made a report recommending 22 additional fire hydrants to be located as follows:

FIRST WARD
350 feet east of Fourth and Blush.
350 feet east of Fifth and Blush.
350 feet east of Sixth and Blush.
Intersection of Ninth and Booth.

SECOND WARD
Intersection of Ninth and Chestnut.
Intersection of Second and Central Avenue.
Intersection of Fourth and Central Avenue.
Intersection of Fifth and Central Avenue.
Intersection of Sixth and Pine.

THIRD WARD
Intersection of Brown and Vine.
Intersection of Brown and Bill.
Intersection of Centennial and Bill.
The two fire hydrants in east part of B. & O. yards to be taken up and changed to intersections of Myers and Vine and at the intersection of Myers and Bill.

FOURTH WARD
Intersection of Brown and Beech.
Intersection of Brown and Buckeye.
Intersection of Tipton and Lynn.

FIFTH WARD
Intersection of Oak and Beech.
Intersection of Oak and Buckeye.
Intersection of Jackson and Pine.
Intersection of Jackson and Lynn.
Intersection of Jackson and Beech.
Intersection of Walnut and McDon-ald.
South end of Carter Street.
The report of the committee was approved.

The city attorney was instructed to prepare an ordinance for uniform gutters and curbing.

Cordes introduced a resolution to establish 22 new fire hydrants and to relocate two others in accordance with recommendations of the water committee. After being amended so as to place those on Fourth, Fifth and Sixth streets, in the first ward, at the intersections of these streets with O'Brien the resolution was adopted.

The ordinance granting a franchise to the Farmers Union Telephone Co. passed its second reading. On motion of Huber, section 1 was amended limiting the franchise to fifteen years. On motion of Mills, section 3 was amended to the effect that the franchise shall be for the exclusive use of the Farmers Union Telephone Co. and shall not be transferable till after a period of two years has elapsed. At the suggestion of Mayor Graessle, Huber moved the amendment of section 5 so as to give the city council the right to locate the four phones the free use of which is to be granted to the city. J. C. Montleth was present and reported that the Home Telephone Company and Farmers Union Telephone Company had been unable to come to an agreement concerning rates in event the new company is connected here with the other phones of the county. Oren O. Swails and Judge John M. Lewis spoke in behalf of the Farmers Telephone Company.

On motion of Huber the amendment of section 1 of the above ordinance was reconsidered and the time limit removed.

The ordinance for the issuance of bonds for the erection of a new city building was put on its second reading. The amount of the bonds to be issued was placed at \$15,000. The city attorney and the finance committee were instructed to examine into and report at next meeting as to when bonds should be made payable and so forth.

On motion of Huber the marshal was instructed to notify property owners to open alley running north from Seventh street between Hustett and Blush and the clerk was instructed to notify the S. I. Railway Company to give the crossing.

The city treasurer was instructed to rent the lot lying north of the S. I. Railway on Bill Street and which belongs to the city.

On motion of Mills, street commissioner was instructed to look after the drain at the corner of Second and Chestnut.

The city engineer and the health officer were instructed to examine public sewer on Branch Street.

The street commissioner was instructed to provide traps where the public drains enter the main sewers.

NO OTHER REMEDY

Can take the place of the celebrated Hostetter's Stomach Bitters in the thousands of homes in which it has once been used. They know its value as a remedy for all family ills and consequently are never without it. It positively restores the appetite, builds up the run-down system and cures Dyspepsia, Indigestion, Constipation, Biliousness, Headache, Spring Fever, Colds, La Grippe, Malaria or Female Disorders. We urge a trial.

HUSTETTER'S STOMACH BITTERS

the same to be done at the earliest possible date.

Cordes, Buhner and Morton were appointed by the Mayor to confer with the city attorney and T. M. Honan in regard to the settlement of certain matters with the Greeman Furniture Company.

Mayor Graessle appointed Gibson, Robertson and Miller a committee to look after the improvement of the city park.

The street commissioner was given instructions concerning needed improvements in various parts of the city.

The bond of City Attorney John H. Kamman was read and approved.

CLAIMS ALLOWED.

Mayor Graessle urged building committee to push the matter of the new city building since the need of improvement in the fire department is so urgent. Council adjourned at 9:20.

RAILROAD RUMBLINGS

Conductor Wells Griffith, of the Southern Indiana, was in the city today.

Brakeman Ferd Green was called to Sparksville today to see his father, David N. Green, who is reported much worse.

Engineer W. B. Schoopmire went to Medora today. He was well supplied with fishing tackle and will do some angling while away.

The B. & O. S-W. has favored the REPUBLICAN with the Easter Menu to be served in the dining cars that day. It is elaborate with no concession to newspaper men who are expected to make complimentary mention of it.

A Destructive Fire.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. Tucker, editor of the Harmonizer, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by A. J. Pellens and W. F. Peter Drug Co.

MARRIED.

ULLERY-BAKER.

John Ullery and Mrs. Lena Baker of Indianapolis were married last evening at the home of Harry F. Blythe, 2103 South East Street, Indianapolis, where Mrs. Baker has made her home for several years, she and Mrs. Blythe being sisters. The bride has several acquaintances in this city having visited Mr. and Mrs. D. A. Baird a number of times, with Mr. Blythe and family. They will continue to reside in Indianapolis. Their friends in this city extend congratulations.

By The Tonic Route.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by A. J. Pellens and W. F. Peter Drug.

At 8:15 Tonight

The opera house curtain will go up for the opening act of an entertainment that will please the most critical person. If you have not already decided to see "Uncle Daniel," do so now and you will be entertained.

Attacked by a Mob

and beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at W. F. Peter Drug Co.

W. E. Hillerman, of Hayden, was in town today with his family doing some trading. Mr. Hillerman will retire from the farm and will have a sale of all his personal property, Wednesday, April 12.

SCAFFOLD BROKE.

Fred Schneider Falls Nearly Twenty-five Feet.

Fred Schneider, the carpenter residing on West Brown Street, had an unfortunate fall this afternoon while at the home of Dr. J. H. Davis on North Ewing street.

He was working on a scaffold eighteen or twenty feet high and the scaffolding gave way and he went down falling directly into an outside entrance to the cellar, making the whole distance of his fall more than twenty feet. It was a very hard fall and Mr. Schneider was quite badly hurt. His back was injured and he is suffering from the shock and other bruises of his body.

Dr. Gerrish was called and with the assistance of Dr. J. H. Davis, who was home at the time of the accident and Dr. L. M. Davis, of Hayden, who was visiting his brother C. B. Davis, next door, attended him. Mr. Schneider has been suffering considerable pain since the fall but it is hoped that his injuries will not prove serious.

He is a large man, weighing over 200 pounds which made the fall all the harder.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." W. F. Peter Drug Co.

SUICIDE.

Old Soldier Takes His Own Life
At Vallonia.

James Copeland, a well known resident of Vallonia, committed suicide Thursday afternoon by shooting himself.
In the afternoon he put a loaded revolver in his pocket and wandered off to the river some little distance from town. He climbed out on a willow tree overhanging the river and there fired the fatal shot into his right temple. His body fell into the water. Some men were passing along the road nearby and heard the shot and as they drew closer discovered the body in the water. They took the body out of the water, at once identifying it, carried it to their wagon and took it into town and told their story of what they had discovered.
About a year ago Mr. Copeland attempted to kill himself by taking Paris-green, but his attempt was unsuccessful. He had been drinking heavily recently and this fact doubtless led up to his suicide. He was 60 years of age and was a soldier in the Civil war. He had lived in Vallonia a long time and was well known in that vicinity. He leaves a wife and two sons. One of his boys, Evan, is train-dispatcher at Flora, Ill., and Guy, a telegraph operator at Washington.

APPETITES

W. F. Peter Drug Co. Explain
How Vinol Creates a Desire
For Food.

"Vinol is the greatest aid to digestion that we have ever known," said Mr. Peter of the W. F. Peter Drug Co. "It contains all of the active, medicinal, curative elements that are found in cod liver oil, without any oil or grease."

"These medicinal elements act so favorably upon the stomach that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue, and for making rich, red blood."

"When the stomach acts easily and naturally, a desire is created for good simple food, and a good appetite is the sure result."

"With cod liver oil in its old form the medicinal elements which it contained were unable to do their best work because of the obnoxious oil that enveloped them."

"Now in Vinol we have those same medicinal elements separated from the vile-tasting oil, and we have a tonic and rebuilding that is simply marvelous in its action."

"We want every one in Seymour to know more about our Vinol, how it cures and what it cures. Certainly Vinol is the greatest tonic and rebuilding we have ever sold."

"Lack of appetite is not itself a disease, but a symptom of weakness showing itself in the nerves of the stomach, which control the desire for food. We guarantee Vinol will cure this weakness or give back your money." W. F. Peter Drug Co.

Jersey Herd Sold.

W. E. Hillerman has sold his herd of sixteen Jersey cows to George Ebaugh, who will combine them with his dairy herd. These cows sold by Mr. Hillerman are all full blooded Jerseys, registered and recorded. They are said to be the finest Jerseys in Southern Indiana. Mr. Hillerman will make his last round of his butter route in Seymour next Wednesday.

Fruit Prospects.

The fruit growers of Southern Indiana are jubilant over the prospects for a fine crop this season. Apples, peaches and pears promise an abundant yield and prospects are good for an enormous crop of strawberries and raspberries.

Got Off Cheap.

We may well think he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc. 25c at W. F. Peter Drug Co. Guaranteed.

It dills the scythe of Father Time, drives away wrinkles of approaching old age—the elixir of life, that puts hope in the human heart—Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. W. F. Peter Drug Co.

Kodol Dyspepsia Cure

For Piles, Burns, Sores.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerably for an old man, 84½ years old.

H. D. McGUIRE, Frost, Ohio.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
Miles Medical Co., Elkhart, Ind.

Would you be relieved from

Dyspepsia

in nature's own way? Would you prefer a delicious beverage to a nauseating drug or a tablet that assists only temporarily?

"Hermit" Gastric

Contains all the elements of the gastric juices, and assists the stomach to digest the food, while it soothes and strengthens its weak and irritated condition.

Sold by Druggists. Price 50c.

W. F. PETER DRUG CO.

A WAY OPEN.

Many a Seymour Reader Knows it Well.

There is a way open to convince the greatest skeptic. Scores of Seymour people have made it possible. The public statement of their experience is proof of the like of which has never been produced before in Seymour. Read this case of it given by a citizen:

Mrs. Atlas Shannon, of Third street, says: "Doan's Kidney Pills gave me positive relief from the dull dragging pain in my back, banished the extreme sensitiveness over the loins which caused sharp twinges when stooping or moving quickly and removed the restless nights besides strengthening the renal organs that I was no longer embarrassed by the kidney secretion. I was greatly gratified by the satisfactory results I obtained and my advice to others is to go to Milbourn's drug store and procure Doan's Kidney Pills if in need of a remedy of this nature.

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Missed His Mark.

St. Petersburg, March 31.—A man dressed as a porter fired three revolver shots at a secret police agent in Great Morskala street yesterday afternoon. All the shots missed their mark. The assailant was arrested.

Picturesque Moorish Reception.

Tangier, Morocco, March 31.—Emperor William arrived here today and was received with all the pomp and pageantry of the Moorish court. He will continue his voyage to Gibraltar this evening.

Land Owners Panic-Stricken.

Khar'koff, March 31.—The land owners of the government of Khar'koff are almost panic-stricken at the spread of rural disorders and many of them are deserting their estates and flocking to the cities.

Huntington, W. Va., March 31.

John Adkins, a prominent timber man, and Wilbur Spurlock, aged twenty years, were drowned while rafting logs at Midkiff, on Guyan river.

The Good Old Way.

A severe cold or attack of la grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old fashioned reliable treatment such as would be administered by their grandmothers, backed by Boschee's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any known remedy. But even without the application of the old fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation and effectively stops the coughs. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size 75c. For sale by W. F. Peter Drug Co.

TEACHERS GATHER

Southern Indiana Association in Session at Indianapolis This Week.

INTERESTING PROGRAM

There is Much on the Bill to Afford Profit and Entertainment to the Assembled Pedagogues.

Governor Hanly Bade the Teachers Welcome at the Opening Meeting.

Indianapolis, March 31.—Several hundred members of the Southern Indiana Teachers' association have gathered in Indianapolis for the 29th annual convention of the association. Pupils of the Manual Training and Shortridge high schools, appropriately decorated and designated by white badges, met incoming trains and interurban cars and escorted the visitors to the Grand hotel, or to various places of interest about the city.

The first meeting of the session was held last evening in Tomlinson hall. Addresses of welcome were made by Governor Hanly and A. M. Sweeney, president of the Indianapolis school board. A short talk was given by Superintendent of Schools C. N. Kendall. Following the informal addresses the regular program of the evening was taken up. Dr. Eric E. Sparks of Chicago university delivered an address on "The Limitations of Learning."

This morning the serious business of the convention was taken up when the various sections of the association met. The primary section met in the Roberts Park church, the grammar section in the Benjamin Harrison school and the high school section in the Shortridge high school. The convention will be concluded Saturday morning with an address on "Booker Washington and His Work," by Dr. W. G. Weatherly of the University of Indiana.

Northern Indiana Teachers.

Anderson, Ind., March 31.—The 23d annual meeting of the Northern Indiana Teachers' association will be held at Chicago next week. The association president, John W. Carr of this city, and the executive committee chairman, W. A. Wir of Bluffton, state that all arrangements for the meeting, April 6 to 8, have been perfected.

A SUSPICIOUS CASE

Smithy's Death May Have Been Suicide or Murder.

Greenfield, Ind., March 31.—The body of September Smithy, a farm laborer employed on the farm owned by Mrs. Rose Kittley, two miles east of Cumberland, was found dead in bed. A bullet had passed through the heart and near by lay the revolver. While the general indications point to suicide, there is suspicion of foul play. Mrs. Kittley was awakened by the sound of the revolver shot, followed almost immediately by the sound of a slamming door. She ran to the room occupied by Smithy, and found him gasping in death. He died without speaking.

Smithy was of a peaceable disposition save when dissipating, when, it is said, he was ugly and quarrelsome. He had some trouble with rival suitors, a young woman at Cumberland being the object of attraction, and he is said to have told a friend several days ago that if he did not leave Cumberland he would be killed. There were no powder stains surrounding the hole in his nightshirt cut by the bullet, neither was the body powder marked.

Caught by Trolley Car.

Greenfield, Ind., March 31.—Mrs. Henry Myers, wife of a farmer near Cumberland, was struck by the limited car on the Indianapolis & Eastern interurban railway and killed. Mrs. Myers was driving and had crossed the track in front of the approaching car, but the horse became frightened and backed the vehicle back on the rails. The car was running at a rapid rate, and when it struck the buggy Mrs. Myers was hurled many feet away. Her head and side were crushed, and she lived but a few minutes. She was forty-two years old and the mother of three children.

Jeffersonville's New Water Supply.

Jeffersonville, Ind., March 31.—Superintendent David Allen has completed driving four experimental wells, and will install pumps to test the new source of supply from which it is proposed to draw water for the city of Jeffersonville. From the appearance of pebbles brought up in sinking the wells, Captain Allen is convinced he has struck running water, thus lending color to Engineer Lyon's theory that it is practically an underground river that flows in the old river channel.

Possible Job for Militia.

Hammond, Ind., March 31.—Governor Hanly has served notice that rioting at the Inland Steel company's plant at Indiana Harbor will not be tolerated, and that if any outbreaks occur he will send militia to protect property. The threatened trouble grew out of the announcement that the company would start up its sheet mill with non-union men. The entire plant is now running.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 20 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy.
